

Sky High Rack

Warehouse aisle lighting

Sky High Rack is designed for warehousing illumination in-between industrial racking. Slimmer, longer and with added reflectors, these luminaires give optimal lighting for aisles and bays within warehouses and distribution centres.

- **Up to 70% efficiency gains verses comparative HID fittings**
- Perfect replacements of traditional 250W/400W HID fittings
- Efficient lighting solution for warehousing
- Optional low glare diffuser
- Low maintenance, perfect for high-ceiling installations
